

**The Friends of Ramsaysburg** is a grassroots, 501(c)(3) non-profit organization devoted to the preservation of the Ramsaysburg Homestead historic site located in Knowlton Township, Warren County, New Jersey. We believe that there is an inherent public benefit in the preservation of historic sites and education of their value leading to a greater appreciation of the events that occurred in the recent and distant past. More specifically, the purposes for the Corporation are to educate people and raise awareness about the value of the preservation of historic places, particularly the Ramsaysburg Historic Homestead and increase access to historic landmarks within Knowlton Township and Warren County. **We would be delighted to have you as an active member of our organization, created to sustain and enhance the activities at the Ramsaysburg Historic Homestead.**
